Dear Valued Customer:

This notice is sent to you in accordance with the requirements of the Motor Vehicle Safety Act.

This is to inform you that your vehicle may be non-compliant with the requirements of the Motor Vehicle Safety Regulations and that the non-compliance could affect the safety of a person.

Spartan RV Chassis, a brand of Shyft Group, Inc. and the Jayco motorized division has decided certain 2024-2025 Entegra Coach Anthem, Aspire, Cornerstone, and Reatta XL Class A motorhomes fail to conform to Motor Vehicle Safety Standard (CMVSS) number 108, "Lighting Systems and Reflective Devices. The affected vehicles are built on certain 2024-2027 Spartan RV K1, K2, K3, or K4 Chassis.

***Reason
for this
recall***

The brake pressure switch used in the air brake system may retain enough residual air pressure causing the brake lamps to be illuminated when the service brakes are not applied. Brake lamps that are illuminated without the service brake being applied could be confusing to trailing drivers and could increase the risk of a crash.

***Recall
Remedy***

The Shyft Group will supply new pressure switches with a pressure setting that will cause the brake lamps to not be illuminated with residual air pressure. The repair is expected to up to 1 hour and will be performed at no charge.

***What we
need you
to do***

Call Spartan RV Chassis at 855.589.9836 option 0 to locate a qualified service center near you and to schedule your repair. Steps will be taken to ensure the work is performed at the nearest service center.
